A. Introduction

The 1972 edition of Teacher Education Programs and Certification Policies has been reduced in scope and size from previous editions because of the fiscal difficulties in New York.

It consists of up-to-date lists of teacher education programs by college (page 2) and by certification area (page 21), and an information sheet indicating how to obtain information about teacher education programs, certification policies and procedures, interstate certification, college proficiency examinations and the like (page 33). Addresses and telephone numbers of the colleges are provided in the first section of the booklet.

The following items will assist you in understanding and using this booklet:

Note the key at the bottom of page 2 which explains the abbreviations used in the following pages.

The code letters in parentheses following the term Physically Handicapped used in the program lists refer to four categories of programs for teachers of various classes of physically handicapped children according to the following key:

(a) orthopedic, cerebral palsied, and similar classes
(b) partially seeing children or youth
(c) blind children or youth
(d) deaf children or youth

Entries have been made as of July 15, 1972. Omissions, errors, or corrections should be brought to the attention of the Chief, Bureau of Teacher Education.
